Demolition Derby

A SUPER-SKILL
FAST ACTION
TV GAME
FOR 1 OR 2 PLAYERS

Play appeal hits a new high in this exciting version of a popular competition sport! Tests have proved Demolition Derby a phenomenal money maker, and no wonder! A magnetic attraction for one player — and highly profitable at quarter play — it is even more irresistible for 2 players in simultaneous competition, **taking in twice the money — 50¢ — in the same playing time!**

Demolition Derby is the most unique game ever made because it never plays the same way twice! 2 target drones are on the screen at all times. In constant erratic motion, they seem to be taking evasive action as if they had minds of their own! When player's pursuit car hits a drone, the drone is demolished and player scores a point. Drone debris remains on the screen and another drone moves into action. As drones pile up, player must maneuver with increasing skill and speed to build up his score before time runs out!

Steering wheel, forward and reverse gear shift lever and accelerator pedal give player full control of his car. Players' scores are indicated on the monitor, as well as second-by-second count down of time left to play.

2 SOUND SYSTEMS . . . Individually Adjustable:
Realistic car crash sounds — Realistic roar of motors
